2. Detailed Investigation & Medical Assessment

A. Patient & Policy Details

| Field Name           | Submitted Information                   |
|----------------------|-----------------------------------------|
| Patient Name         | Rahul Sharma                            |
| Date of Joining      | 15/4/2022                               |
| Patient Relationship | Self (Primary Insured)                  |
| Mobile Number        | +91 98765 43210                         |
| Age                  | 34 Years                                |
| Insured Name         | Rahul Sharma                            |
| Product              | Saturn Comprehensive Health Shield Plus |
| Policy Type          | Individual Health Floater               |

B. Hospital & Admission Details

| Field Name    | Hospital Record                       |
|---------------|---------------------------------------|
| Hospital Name | Manipal Hospital & Research Institute |

|                   |                                        |
|-------------------|----------------------------------------|
| Hospital Location | HAL Airport Road, Bengaluru, Karnataka |
| Date of Admission | 20/8/2026                              |
| Date of Discharge | 24/8/2026                              |
| Room Type         | Single Private Deluxe Room             |
| ICU Stay          | No                                     |
| Advance Paid      | 125000                                 |

### C. Clinical & Medical Evaluation

| Field Name            | Clinical Observation                                                                                    |
|-----------------------|---------------------------------------------------------------------------------------------------------|
| Diagnosis             | Acute Gastroenteritis with Moderate Dehydration and Secondary Electrolyte Imbalance                     |
| Treating Doctor       | Dr. A. K. Banerjee (MD, Internal Medicine)                                                              |
| Tests Done            | Complete Blood Count (CBC), Serum Electrolytes, Renal Function Test, Ultrasound Abdomen                 |
| Treatments Given      | IV Fluids (Normal Saline & Ringer Lactate), Anti-emetics, Antibiotic Therapy, Oral Rehydration Solution |
| Previous Treatment    | Outpatient consultation at local clinic on 2026-08-19                                                   |
| Past Hospitalizations | None reported in last 36 months                                                                         |
| Past Surgery          | Appendectomy (2018) - Uneventful recovery                                                               |
| IV Line Active        | Yes - Observed during initial hospital assessment                                                       |

### D. Additional Background & History

| Field Name             | History & Lifestyle                                            |
|------------------------|----------------------------------------------------------------|
| Employment Details     | Senior Systems Architect at Infosys Technologies Ltd           |
| Informer Name          | Pooja Sharma                                                   |
| Informer Relation      | Spouse                                                         |
| Current Status         | Fully recovered and discharged in stable hemodynamic condition |
| Claim History          | No previous claims filed under this policy term                |
| Other Health Insurance | Corporate group coverage with employer (Star Health)           |
| COVID Vaccination      | Fully Vaccinated (3 Doses completed - Covishield)              |
| Social Habits          | Non-smoker, Occasional social drinker, No tobacco use          |

### E. Video Call Verification Assessment

| Field Name             | Assessment Result                                          |
|------------------------|------------------------------------------------------------|
| Patient Seen on Call   | Yes - Verified on live high-definition WebRTC video stream |
| Patient Joined on Time | Yes - Joined at scheduled time (10:30 AM IST)              |

|                  |                                                                                                                                                         |
|------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Final Assessment | Claim is genuine and verified. Patient identity, hospitalization documents, and physical presence confirmed via live WebRTC video consultation with GPS |
| Conclusion Type  | Approved for Cashless Reimbursement Settlement                                                                                                          |

F. Investigation Case Audit

| Field Name           | Audit Metadata       |
|----------------------|----------------------|
| Case Received Date   | 25/8/2026            |
| VI Completed Date    | 28/8/2026            |
| Investigating Doctor | Dr. Santosh Kumar    |
| Match Score          | 98%                  |
| Geo Location         | 12.971598, 77.594562 |
| Submitted At         | 28/8/2026            |

G. Patient Verified Statement

**Recorded Statement Transcript:**  
"I was admitted to Manipal Hospital on 20th August after experiencing severe abdominal pain and recurrent vomiting. I received IV fluids and medications under Dr. Banerjee for 4 days. All medical documents, discharge summary, and bills submitted are accurate and genuine."
